Black Warrior Plant Resumes Work Other Mining Enterprises.

The Black Warrior Copper company, emalgamated, started up their new leaching works on Monday, and is leaching about 60 tons of ore per day, which will be increased gradually until the full capacity of the works, about 300 tons, is reached, says the Globe Silver Belt. Some delay has been occasioned at Black Warrior by the detention of needed supplies at Bowie. Three cars of scrap iron and two cars of all arrived on last night's train, and it is expected that consignments will now arrive regularly, and will soon be augmented by the shipment of sulphide ore for acid-making. from Oakland, Cal. The forces at the mine and works have been largely increased during the week. Judge R. M. Foree, manager of the
